

FEATHERWOOD

Tradition-Featherwood Global LNG

Tradition and Featherwood Capital have joined forces to provide transparency in the Liquefied Natural Gas (LNG) physical markets. This offering combines Tradition’s energy brokerage pricing and trade data with Featherwood’s extensive knowledge of the North American and International LNG transportation and distribution markets.

Tradition and Featherwood Capital through their joint physical LNG brokerage business have produced global LNG price evaluations at 16 of the most common supply and demand market areas extending 24 monthly terms forward. Supply and demand markets are expressed as a fixed price. Demand markets are also available as a basis to the regional onshore gas hubs. All pricing is expressed in a bid/offer format. TraditionDATA offers one daily snapshot released at 15:00 EST for the following supply and demand markets:

Tradition is represented in more than 28 countries and is one of the world's largest interdealer brokers in over-the-counter financial and commodity related products. TraditionDATA provides consistent, high-quality financial market data that reflect real price interest in global OTC swaps markets, covering FX & Money Markets, Interest Rate Derivatives, Credit & Fixed Income and Energy & Commodities.

Real-time, intra-day, end-of-day and historical pricing originate from Tradition's global brokerage business. In addition to comprehensive coverage of the most liquid markets, our extensive product and geographic coverage means we can penetrate illiquid markets to provide hard-to-find prices in developing products and regions.

Data can be delivered directly from Tradition or from one of our distribution partners, which include, among others, Bloomberg, ICE, NEX and Refinitiv.
