Tradition's interdealer brokers have 20 years' experience in facilitating trading in the Korean OTC markets and, courtesy of strong local relationships, have built up a large market share resulting in the generation of comprehensive and high-quality data generated via our brokerage desks, and supported and maintained by our data professionals in the region.

TraditionDATA provides consistent, high-quality financial market data that reflect real price interest in global OTC swaps markets, covering FX & Money Markets, Interest Rate Derivatives, Credit & Fixed Income and Energy & Commodities.

Data can be delivered directly from Tradition or from one of our distribution partners, which include, among others, Bloomberg, ICE, NEX and Refinitiv.
