About Global FX

TraditionDATA's Global FX can be incorporated into our other leading packages to give you comprehensive Data and Analytics capability. Available through both from direct connection and via vendor channels including Refinitiv with further expansion to Bloomberg to come.

Tradition serves our Customers through more local offices than any competing FX Intermediary with offices in 29 countries. In addition to our major trading centres, we offer our Customers

deep local markets expertise from desks in China, Singapore, Indonesia, India, Australia/New Zealand, Chile, Colombia, Russia, Israel and South Africa underscoring our commitment to providing the most depth of coverage behind our Global FX product offering.

Our Globally comprehensive range of industry leading financial markets Data Solutions to suit your specific needs can be found at www.traditiondata.com

About us

Campagnie Financiere Tradition is represented in over 29 countries and is one of the largest interdealer brokers of over-the-counter financial and commodity products.

TraditionDATA provides consistent, highest quality financial markets data that reflect real price interest in global OTC swaps markets, FX, Money Markets, Interest Rate Derivatives, Credit, Fixed Income and Energy & Commodities.

Real-time, intra-day, end-of-day and historical pricing originate from Tradition's global brokerage business. In addition to comprehensive coverage of the most liquid markets, our extensive product and geographic coverage means we can penetrate illiquid markets to provide hard-to-find prices in developing products and regions.

Data can be delivered directly from TraditionData or from one of our global distribution partners, which include amongst others, Bloomberg, ICE, and Refinitiv.
